Coordinators of the course

Dr. Mudit Kumar

Periodontist, Implantologist and LASER Specialist

Holding a Bachelor's degree from Bharati Vidyapeeth Dental College (Pune) and a Master's degree in Periodontology and LASER Dentistry from JSS Dental College (Mysuru), Dr. Mudit Kumar is a seasoned expert in all types of gum diseases, along with extensive experience in conventional and basal implantology.

He is one of the recipients of the prestigious ICMR Grant for conducting research on Socket Shield technique in implants. In addition to operating a high-growth practice, he is one of the few dental surgeons in Bangalore to specialize in LASER dentistry. Dr. Mudit has also garnered numerous accolades such as the Dr. V.N. Bhatavadekar Award from the Indian Society of Periodontology (ISP), of which he is a lifetime member.

Dr. Medha Sharma

Periodontist and LASER Specialist

Holding Bachelor's and Master's degree in Periodontology and Implantology from JSS Dental College (Mysuru), Dr Medha Sharma has also completed an extensive fellowship program in the field of Laser Dentistry Research and Review. Apart from that, she is an expert in diagnosing and treating all gum diseases and placing conventional implants.

She is a Consultant Periodontist in Apollo White Dental Clinics, Bangalore. Dr Medha has conducted various workshops and hands-on in LASER Dentistry, authored a book and won various National Research awards from the community of Indian society of Prosthodontics-Restorative-Periodontology (ISPRP), Indian society of Periodontology (ISP) and Indian Dental Association (IDA). She excels in clinical practice of soft-tissue lasers.
